

## GULLY IS CHOSEN AS THE SPEAKER

### CABINET COUNCIL DECIDES ON HIS NOMINATION.

Oxford Won the Race With Cambridge By Two Lengths—The Britania Grounded Near the Mouth of the River Van—Japan Declares an Unconditional Armistice.

London, March 30.—The cabinet council decided to nominate William Court Gully, member for Carlisle, for the speakership.

Putney, March 30.—Oxford won the 'varsity boat race with Cambridge, by two lengths.

Nice, March 30.—The Britania grounded near the mouth of the river Van this morning, and was brought here.

Tokio, March 30.—The emperor of Japan has declared an unconditional armistice.

St. Petersburg, March 30.—Advice received here from Tokio say the decision of the emperor of Japan to declare an unconditional armistice was greatly due to the extreme indignation aroused by the attack on Viceroy Li Hung Chang.

Hong Kong, March 30.—The Japanese are bombarding Taiwan, the capital town of Formosa.

### WILL THE JAPS OBEY?

May Be Too Much Elated with Victory To Stop Fighting.

Washington, March 30.—News that an unconditional armistice had been declared by the Emperor of Japan was confirmed at the Japanese legation, where it was said a cablegram to this effect had been received from the home government.

China made the offer of the armistice, and the peace plenipotentiaries of Japan were empowered by the emperor to accept it without condition. This was done in view of the "unexpected event" that happened—viz.: the attempted assassination of Li Hung Chang. The armistice, Minister Kurino of the Japanese Legation said, will be effective until the peace negotiations are concluded. China evidently could not arrive at a conclusion to agree to the stipulations demanded by Japan and the attempt on the life of the Chinese peace ambassador solved the problem for the time being and hostilities will be suspended. There will be no withdrawal of the Japanese troops from Chinese territory, however.

The power of the Japanese government to execute the armistice will now be put to a critical test. The military power of Japan, in the judgment of intelligent observers, has almost stripped the civil power during the war. This has caused serious concern, as it has been feared that the military element, backed by the war spirit among the people, would not submit to an armistice, even if the civil authorities ordered one.

### ADOPTS HOME RULE.

British House of Commons Passes a Sweeping Resolution.

London, March 30.—In the house of commons yesterday James Dalziel, advanced liberal member for the Kirkcaldy district, moved the adoption of a resolution to give home rule to England, Ireland, Scotland, and Wales.

John Redmond, the Parnellite who sits for Waterford City, opposed the resolution, declaring that it meant the shelving of Irish home rule until the house of lords should have been abolished. John Dillon supported the resolution. Right Hon. A. J. Balfour vigorously opposed it. A vote was then taken and the resolution was adopted by a majority of 24, the vote standing 126 in favor to 102 against.

The resolution, broadly speaking, is intended to allow each country to deal with its own affairs, subject to a hastily defined veto power vested in the imperial parliament.

### Lion's Growl Shakes a Continent.

London, March 30.—The statement which Sir Edward Grey, parliamentary secretary of the foreign office, made in the house of commons, saying an advance of the French into the territory of the Upper Nile valley, belonging to the Royal Niger company, and therefore under British protection, would be an unfriendly act, and that it was well known to France that Great Britain would so regard it, is causing a profound sensation here and on the continent. The fact that the statement was prepared in writing beforehand emphasizes the seriousness of the situation and shows that every word embodies the views of the cabinet.

### YBARRA TO BE TRIED.

Court-Martial Ordered for the Man Who Fired on Alliance.

Washington, March 30.—It is understood on high authority that the communication from Madrid regarding the Alliance incident made known, in advance of its publication, the fact that Lieut. Ybarra, the officer in command of the Spanish gunboat Conde de Venadito, which fired on the American steamer off Cuba, has been relieved and his case referred for court-martial proceedings.

### Italy Will Annex Agame.

Rome, March 30.—The government is informed that a battle has been fought between Italian patrols and dervishes near Kassala, in which the latter were defeated, with heavy loss. The government has decided to annex the Province of Agame, in Abyssinia.

### Colorado Miners Crushed to Death.

Central City, Colo., March 30.—Alfred Martin and Henry James, miners, were crushed to death in the Sleepy Hollow mine by a mass of dirt and rock which fell upon them in a drift.

## DENOUNCE POOL BILL.

Petitions of 4,500 Chicagoans Against Humphrey Measure.

Springfield, Ill., March 30.—Representative Lowenthal of Chicago presented a petition in the house yesterday over fifty feet long containing the signatures of 3,000 citizens and others in the third district, urging him to do all he can to defeat the Humphrey pool bill. Accompanying this mammoth roll were two similar petitions, signed by 1,500 other voters, demanding the same service. It is the opinion that neither the Humphrey bill nor the Aspinwall bill, its rival, will become a law this session. The long-looked-for Pullman "regulator" was reported to the house with a favorable recommendation. Senator Anthony offered a resolution instructing the committee on judiciary to prepare and report a bill providing for redistricting the state with reference to electing judges of the Supreme court, and to fix the compensation of judges at \$9,000 a year, in view of the great increase of work which they are compelled to do. The resolution was sent to the committee on judiciary department and practice. Senator Campbell of Hamilton offered a lengthy resolution, which was adopted, alleging that the Illinois and St. Louis Bridge company, Merchants' Bridge company, St. Louis Bridge company, St. Louis Merchants' Terminal Railway and Terminal Railroad association of St. Louis, and other railroad and bridge companies have formed a trust whereby, by co-operating together, they are enabled to and do practice fraud and extortion upon merchants and shippers who are compelled to patronize these companies, which are conducted in violation of criminal and civil laws. An investigating committee of five was appointed. Senator Little's bill to allow coal companies to organize combines was postponed for a week. The omnibus bill appropriating money for ordinary expenses of the state charitable institutions was advanced to third reading.

Senator Dunlap called up and had advanced to third reading the bill appropriating \$1,265,000 for the year 1895 and \$1,265,000 for the year 1896 to the various state charitable institutions, twelve in number. Senator Kingsbury introduced a bill to prevent pool-selling and betting on horse races, and providing a penalty of not less than \$25 nor more than \$200 for each bet or pool sold and commitment in the county jail until payment is made. Winners are also made liable to actions in debt for double the amount won, to be brought by the loser or his relatives. The senate adjourned until 10 o'clock Wednesday next.

Speaker Meyer struck from the payrolls of the house all committee clerks and janitors, and stated that only those absolutely necessary should be reapportioned owing to the present condition of the state treasury.

The special committee appointed to count the ballots in the contested election case of Wilson against McKinlay, of the Forty-third district, has completed its work. D. McKinlay has gained seventeen votes, and the republican members of the committee assert that he will retain his seat.

Several petitions were presented protesting against the passage of the pool bill. Mr. Dean's bill to provide for the care and maintenance of the insane of the Illinois Soldiers' and Sailors' Home and the bill of Mr. Whiteside amending the school law were advanced and some business of an unimportant character transacted. The house adjourned until 10 a. m. Wednesday, pursuant to the joint resolution adopted by both houses Thursday.

### Is a Time Limit in the Ultimatum.

Washington, March 30.—Despite assertions to the contrary, there was a time limit in Great Britain's ultimatum addressed to the government of Nicaragua. It was expressly stipulated that an answer should be returned by Nicaragua within seven weeks from Feb. 26, 1895. Owing to the accident to the City of Para, on which the ultimatum was carried, it may be the middle of April before he arrives at Managua with the much discussed proposition.

By that time, however, the seven weeks will have expired and considerable curiosity is manifested in diplomatic circles to know what step will be next in order by her majesty's government.

### Ex-Consul Waller's Case.

Washington, March 30.—The President, after a consultation with his cabinet, has decided to act in the matter of the arrest of ex-Consul Waller at Madagascar and to call for a report of all the circumstances. If the facts are as originally reported in the cablegram from Mauritius, United States Consul Campbell at St. Louis will be looked to for a report, then it is expected Mr. Eustis, ambassador to France, will be instructed to lay the matter before the French foreign office and ask for an explanation of the course pursued by the officials in Madagascar.

### Cellulose Keeps Warships Afloat.

Philadelphia, Pa., March 30.—The president of the company which manufactures cellulose has received a cablegram from Paris announcing that news had been received there that at the battle of Yalu the Japanese battleship Matsushima was pierced by a six-inch shot, but the ship suffered only slight damage because the cellulose in its side expanded quickly and closed the breach. This is the first time cellulose has been tested in a naval battle.

### Insane Man Bent on Murder.

Dubuque, Iowa, March 30.—Ex-City Marshal Joseph Zugenbuehler, who has been confined at the incurable insane asylum at Asbury, made a second escape yesterday and is still at large. As Zugenbuehler has sworn to take the life of a prominent citizen there is a vigorous search for him.

### Pass It Over Gov. Holcomb's veto.

Lincoln, Neb., March 30.—Gov. Holcomb yesterday returned to the house of representatives the bill placing a bounty on beet sugar or chicory with a veto upon the ground that the proposed law is in the nature of class legislation and that it is of doubtful constitutionality. The measure was at once passed over the veto.

## SHERIFF AND THIEF WERE BOTH KILLED

### BLOODY SEQUEL TO A TRAIN HOLDUP.

Robber Tried to Go Through the Oregon Passenger on Which the Officer Was Riding and Two Deaths Resulted—Miss Smith Confesses the Murder of Her Father.

Wheatland, Cal., March 30.—The Oregon express train was held up near here last night, and in the battle that followed, Sheriff Bonart, who was a passenger on the train, and one of the robbers, were killed.

Omaha, Neb., March 30.—Cora Smith has confessed to having assisted in murdering her father last May. Mike Smith was the murdered man's name and previous to the last and successful attempt to kill by poisoning an attempt was made by shooting. Not long after the shooting incident poison in small doses was administered, from the effects of which he died. The wife and daughter were arrested, charged with the crime, and in June the wife was convicted and sentenced to life imprisonment in the Iowa penitentiary. Cora was discharged when taken before the police judge for a hearing and, after remaining in Des Moines for a short time, she came to Omaha. After her mother was sent to the penitentiary Cora began writing to her and in one of the letters she told her mother how she had assisted in poisoning her father, and at the same time implicating her aunt, Mrs. Ellen Leader. This letter fell into the hands of the detectives as did also the correspondence following. In her confession she said that the poison used to kill her father was purchased by her aunt, Mrs. Leader, and that Mrs. Leader administered several doses, but the one that caused her father's death and the last dose given was by her own hands. The object of the murder was for the purpose of getting the insurance which Smith carried on his life. The amount was \$6,000, but after the conviction of Mrs. Smith for murder the insurance companies refused to pay the policies. Smith was one of the oldest engineers on the Rock Island road.

### DIED WITH HER CHILD.

Heroic Mother and Her Daughter Burned to Death at Newport, L. I.

New York, March 30.—Mrs. William Reeves and her young daughter were burned to death at Northport, L. I., yesterday. At about 2 o'clock fire broke out in the residence of Israel Higbie, a wealthy farmer. Living with him and his wife were his daughter, Mrs. William Reeves, and her 14-year-old daughter Hattie. Mrs. Reeves was awakened by the smell of smoke and ran across the street for help. Then realizing that her mother and father and her child were in the burning building she ran back to render them assistance. She first got her mother and father out of the burning building. Then she dashed madly back into the smoke to save her daughter. That was the last seen of her until the charred remains of mother and child were found together after the fire had been extinguished.

### Many Faith Curists Will Be There.

Kansas City, Mo., March 30.—The Christian scientists of Kansas City will make the trial of Mrs. A. J. Baird an occasion for a general turnout of their followers. They have prevailed on Police Judge Jones to try the case in spacious quarters, where 2,000 or more of the scientists can be accommodated and the case will be tried in one of the divisions of the County court. The trial has been postponed by agreement until Saturday, April 6.

### Paris Award Will Rule.

London, March 30.—In regard to the published statement that Canada has urged Great Britain not to further paralyze British industry by assenting to the enforcement of the Behring Sea regulations of 1895, it is officially learned that whatever Canada may desire, the decision of the Paris arbitration will be strictly adhered to during the ensuing season, and any side issue will not be allowed to effect that decision.

### Accidentally Kills His Wife.

Galveston, Texas, March 30.—At Lamarque, about fourteen miles west of here, Thomas Lohman, a farmer, accidentally shot and fatally wounded his wife with a double-barreled shot gun. He was returning from a hunt, when the weapon was discharged, both barrels taking effect in the woman's thigh.

### To Prevent Timber Thieving.

St. Paul, March 30.—The Staples bill, passed by the house yesterday, is intended to prevent the stealing of timber by the Minnesota lumbermen. It provides that when a section of fine land is sold and to be cut scalars must be appointed by the state to go into the woods and scale every log as it is cut.

### Will Keep Up Agitation.

Winnipeg, Man., March 30.—Though the provincial legislature, according to program, adjourned yesterday afternoon, it is intended to keep up the agitation against Dominion interference by holding mass meetings throughout the country.

### Will Bring Bismarck to 90 Years.

Berlin, March 30.—Dr. Schweninger, Prince Bismarck's physician, expresses himself as well satisfied with the prince's health. He says: "With the help of providence I will bring him to 90 years, for surely heaven will grant him as long a life as that of his great emperor."

### Investigation to Continue.

New York, March 30.—The extraordinary grand jury of the court of oyer and terminer, by order of Judge Van Brunt of the Supreme court, had its ordinary time extended indefinitely.

## NEAR UNTO DEATH MR. WICKHEM LIES

### BELOIT POSTMASTER IS NO BETTER THIS MORNING.

Feared That the Stroke of Apoplexy That Came Last Night Will Result in His Death—Found Helpless on the Street By His Family Physician Who Happened to Pass.

Beloit, March 30.—There is but scant hope for the recovery of Postmaster J. G. Wickhem, who was stricken with apoplexy last night. This morning he is no better and is in a dangerous condition. Mr. Wickhem was attacked by the disease on the street near the post-office. He was seen supporting himself against a glass window by his family physician, and just as the doctor reached him he fell unconscious. He is one of the most prominent lawyers and democratic politicians in Rock county.

### MINERS TO GO ON STRIKE.

Works of Forty-two Iowa Operators to Be Closed Down Today.

Ottumwa, Iowa, March 30.—The coal miners employed by forty-two operators in district No. 41 of the United Mine Workers of America, comprising Iowa and Northern Missouri, about 7,000 in number, will strike April 1. At a recent conference at Des Moines twenty-three operators agreed to the scale of prices of 1894, 80 cents and 11 per ton. Those refusing have now posted notices saying beginning April 1 they will pay 70 cents a ton with an 80 cent price in winter. The executive board of the mine workers met representatives of the twenty-three operators in Wapello, Mahaska and Monroe counties who had made no cut in this city yesterday. It was decided to call out the men in the mines of the 70 cents operators, the twenty-three operators agreeing to keep going, supplying work by which those employed could assist those out. If the operators do not give in it looks like a long and most desperate fight, with the peculiar phase of having operators arrayed with miners against operators.

### SILVER MEN TO MEET.

Enormous Gathering Arranged For at Cleveland, Ohio.

Cleveland, Ohio, March 30.—Two special loads of silvermen have already arranged to come out of the west when the convention of the national republican league is held here next June. Both the Colorado and Utah people have chartered trains. The other silver states may follow this example with the result that there will be a regular procession of trains. The object is to make silver an issue in the convention, as was attempted at Denver last year. It is said here that an effort may be made to commit the convention on the money question. McKinley, Harrison, and Allison will be here. There will be 2,500 delegates here, and nearly 10,000 visitors. The Indiana and Kentucky delegations have already been here to engage quarters. The New York delegation will make a strong effort to capture the presidency of the league. Washington will make a lively fight to be chosen for the place for holding the convention in 1896.

### TAYLORS' TRIAL NEAR AT END.

Murder Case Will Go to the Jury Probably Monday.

Carrollton, Mo., March 30.—In the trial of the Taylor brothers for the murder of the Meeks family yesterday the defense had its inning. To-day the Taylors are on the stand. An unusually strong chain of circumstantial evidence has been woven about them by the prosecution. When court adjourned at 6 o'clock last evening a howling mob congregated in the main street of Carrollton, between the jail and court house, and for a time it was deemed advisable to attempt to go through the crowd. As the trial draws near a close the bitter feeling against the Taylors grows stronger. It is expected all the evidence will be in by to-night ready to begin argument Monday morning.

### Raise in the Price of Silver.

New York, March 30.—The advance in silver in the open market in London has been followed by a corresponding rise in bar silver here, which has led to increased strength and activity in silver certificates. The advance in the price of silver is attributed to a growing belief that England will consent to join in the bimetallic conference which now has assurances of representation from the United States, France and Germany. It is said Spain is in the market as a buyer of bullion in connection with the Cuban insurrection.

### Excitement Over Income Tax.

Washington, March 30.—Treasury officials are in a state of excitement over a rumor which gained currency about the building that the first informal ballot of the Supreme court had shown a majority against the income tax law, while Justices Fuller, Brewer and White are supposed to sustain the law. Justice Jackson is not present, so only eight justices decide the case. If one of the five mentioned should be won over it would leave the court evenly divided and so the law would remain in force.

### Bar Iron Manufacturers Combine.

Cleveland, Ohio, March 30.—The bar iron manufacturers succeeded in perfecting an organization yesterday, to be known as the Merchants' Bar-Iron association. It was said 80 per cent of all the leading manufacturers of the country were either present or represented.

### Factories to Close Down.

Pittsburg, Pa., March 30.—All the plate glass factories in the country, with few exceptions, will close down to-night until May 1. In the meantime arrangements will be made to operate the factories under the management of the new union.

## TRADE SHOWS A HEALTHY GAIN Dun & Company's Reports Are Of An Encouraging Nature.

New York, March 30.—R. G. Dun's Weekly Review of Trade says: "Signs of improvement are all the more satisfactory because neither accompanied nor apparently produced by a speculative craze. Dealings in stocks, cotton and wheat are not diverting all the interest and capital from productive industry and legitimate trade, though these products are all a shade stronger. But railroad earnings, bank clearings, and industrial indications are more encouraging this week. It is a remarkable feature that the lifting this year begins at the bottom, so to speak; raw materials are raised before there is any larger demand for their finished products, a thing not often done with success. Higher wages for coke workers have been followed by a formal advance of 40 cents in the price of coke, and now Bessemer pig has risen 35 cents at Pittsburgh and 25 cents at Philadelphia. It is a sign of strength that an eastern mill has secured in competition with British makers, who had an advantage of \$2.50 in freights, the contract for 12,000 tons rails for a California road, and other contracts for about the same quantity have been placed.

"Raw cotton has been hoisted until a stronger market for goods resulted with some advances in prices. The tone of the dry goods market has been decidedly improved, though it does not yet appear that rail distribution has correspondingly increased. But stocks of retail dealers are light, and when they feel that prices are bound to rise the demand may grow rapidly.

"In the woolen trade cancellations in some lines have been startling in magnitude, many mills which supposed their whole product sold finding themselves in great need of customers. Quite large orders have been taken by foreign agents for finer worsted and woolsens, and all the way from the poorest shoddy to the best goods the competition will doubtless be sharp for more than one season. Sales of wool for the week have been quite large, 5,829,500 pounds, against 4,079,200 last year, partly because a quantity held for a loan was forced to sale. But sales in four weeks have been 19,546,200 pounds, against 17,919,000 last year, and 21,132,400 in 1892.

"Cotton speculation reached a halt with the enormous realizing of last week, and sales have been a third smaller, with no advance. But the supply of cotton now in sight or in spinners' hands is over 2,200,000 bales more than the world's requirements for this year, with receipts for five months yet to come. Guesses about the condition of wheat have varied widely this week and prices are not much higher, the net advance being 1 1/4 cents. Atlantic exports, flour included, have been 1,391,091 bushels, against 1,446,613 last year, and meanwhile western receipts for the month have been 7,747,361 bushels, against 7,084,513 last year. Corn is a cent lower, while pork is 75 cents per barrel and lard and hogs 15 cents per hundred pounds higher.

"The failures this week have been 234 in the United States, against 238 last year, and 42 in Canada, against 50 last year. But the recent increase indicates past rather than recent conditions of unsoundness."

### STATE AUDITOR ACCUSED.

Minister Alleges Fraud in the Conduct of an Iowa Loan Association.

Burlington, Iowa, March 30.—State Auditor C. G. McCarthy, the subject of sensational charges preferred against him at Des Moines by Rev. E. C. Spinney. The latter was recently indicted for alleged libel against the state auditor. It is an order of court compelling McCarthy to produce the books of account of the Iowa Savings and Loan association. Spinney claims the books will show McCarthy has impaired the capital stock to the extent of \$125,000; that he has expended over \$200,000 more than the by-laws of the association permit, and that he is guilty of issuing statements to the effect that the association is earning 25 per cent dividends, when, in fact, there never have been any dividends. Sensational developments are expected.

### Will Blow Our Ships Sky High.

Key West, Fla., March 30.—There is much feeling among the Spaniards in Havana against America and Americans. A prominent merchant says if an American man-of-war appears at the mouth of the harbor it will be blown out of the water. There is undoubtedly a deep sentiment in favor of knocking a chip off Uncle Sam's shoulder. It is also an undoubted fact that it would be the signal for anarchy and bloodshed all over the island.

### Ingalls a Strong Silver Fiatist.

Little Rock, Ark., March 30.—John J. Ingalls on his arrival here was invited by the senate and house of representatives to address them. Mr. Ingalls talked on the currency question, advocating bimetallicism. He said the west and south would stand together for free silver in the next campaign. The people everywhere, or a majority of them, he said, were for free silver.

### Rebel Armies Cut to Pieces.

Colon, Colombia, March 30.—The government announces that the rebel armies under Gens. S. Martinez and Rodriguez were cut to pieces at Boyaca. The insurgents have thrown down their arms, it is declared, and the revolution is at an end. In the decisive engagement the government lost 200 men and the rebels lost 300. Gen. Martinez was captured. Traffic on the Magdalena river is open again.

### Will May Get Leave of Absence.

Washington, March 30.—There are indications that Mr. Willis, minister to Hawaii, is preparing to take a leave of absence from his post. It would not be surprising if the minister was found to be a passenger on the U. S. S. Philadelphia when she returns to Mare Island. During his absence the legation at Honolulu will be left in charge of Mr. Ellis Mills, the secretary of legation, which will exactly correspond to official status with the Hawaiian legation.

## ROTH'S ARM CUT OFF IN A PAPER MACHINE

### BELOIT MAN MAIMED FOR LIFE THIS MORNING.

Charles Harmon, a Former Janesville Man, But Now Employed As a Night Watchman in the Eclipse Works Severely Burned By An Explosion of Gas Last Night.

Beloit, March 30.—Anton Roth had his left arm cut off at the shoulder while feeding a straw machine this morning in the paper mill.

Beloit, March 30.—Charles Harmon, formerly of Janesville but now a night watchman at the Eclipse Works, was dangerously burned by an explosion of gas while examining a retort last night.

### AMERICANS KILLED IN BRAZIL.

The Soldiers Make a Brutal Assault On American Seamen.

Boston, Mass., March 30.—The Maine schooner Isaac K. Stetson has arrived from Brazil and Cuba, with a cargo of sugar. The captain is C. F. Trask, the first mate is J. E. Winslow and the crew consists of four men.

While at St. Catherine's, Brazil, the members of the crew then with the vessel were set upon by Brazilian soldiers and so badly cut that two sailors died and one was left in the hospital there who was not expected to recover. The fourth received one stab in the back, but it was slight and he came along with the Stetson. The affair occurred Dec. 16. Fred Jensen, a Dane; Ingall Ranschoff, Charles Johnson and Nels Johnson, Norwegians, obtained permission to go ashore. Word came that night to Mate Winslow that his men had got into a fight and an investigation found the man in a badly used-up condition.

Ranschoff, Charles Johnson and Jensen were terribly injured, the former having eight wounds, while the others each had five or six. Ranschoff and Johnson died soon after being found. Nels Johnson had only one cut, that in the back. According to the story, the men fell in with some girls and were talking with them when a party of soldiers came along and ordered them away. One word led to another, when the soldiers drew their daggers and fell upon the sailors, who were unarmed, and made short work of them.

Capt. Trask saw the American consul and he notified the American minister at Rio. The Brazilian government officials took the matter up at once. It is understood that some of the soldiers had been found, but it could not be verified before the schooner sailed.

### RUNNING SHORT OF TIMBER.

Canada Discovers That Her Forests Are Disappearing.

Ottawa, Ont., March 30.—The department of agriculture has issued a report on the forest wealth of the Dominion, in which the statement is made that in Canada, in various industries depending for their existence upon the supply of wood, there is invested capital amounting to nearly \$100,000,000, and an annual wage list of over \$30,000,000, with an output valued at close upon \$110,000,000. From the mass of cited data the conclusion is drawn that Canada is now within a measurable distance of the time when, with the exception of spruce as to wood, and of British Columbia as to provinces, it shall cease to be a wood exporting country.

### SQUATTERS WON'T LEAVE.

Gen. Smith Wants Troops to Clear Yankton Reservation of Boomers.

Armour, S. D., March 30.—Gen. J. A. Smith, superintendent of the Yankton reservation, telegraphed the interior office at Washington this morning that he was unable to cope with the squatters already on the reservation, who refuse to leave. Gen. Smith says that troops can be brought here in twenty-four hours from Omaha, the nearest available point. He says the situation will be much worse when the crowd increases. It is believed that the Indian police have no authority to eject the boomers, anyway. There is a small but steady stream of boomers going on.

### New Minister From Spain.

Madrid, March 30.—Dupuy de Lome, the new minister to the U. S. States, will sail for America on April 2. He will go first to Havana to learn the details of the Alliance incident and will then proceed to Washington. The new minister is thoroughly invested in diplomacy and is able to explain himself in good English. He is not a stranger at Washington, and is popular with all the Americans of his acquaintance. Several days ago Secretary Gresham announced that Senor de Lome was persona grata to the United States government.

### Will Rally Round Gomez.

Tampa, Fla., March 30.—Puerto Principe has been declared in a state of rebellion by the Spanish government. This makes four out of five provinces of the island in a state of revolution. If the report that Maximo Gomez is in Cuba and is now at the head of the uprising in Puerto Principe is confirmed, passengers from Havana declare that as soon as this is officially known the whole island will rise en masse.

### Sir Charles Keeps His Portfolio.

Ottawa, Ont., March 30.—The difficulty between Sir Charles Hibbert Tupper, minister of justice, and his colleagues of the government was patched up at a cabinet meeting yesterday. As the price of Sir Charles' return to the ministry the government is committed to a short session of parliament with dissolution immediately after prorogation.

### Will Investigate the Council.

Detroit, Mich., March 30.—The council is adopted a resolution providing for an investigation of charges of dishonesty against members of that body.

## COLLEGE MUSIC WAS OF VERY HIGH GRADE

### UNIVERSITY CLUBS PLEASE A JANESVILLE AUDIENCE.

The Banjo and Mandolin Organizations Are Wonderfully Proficient and While the Glee Club Is Weaker Than Last Year, They Sang Very Nicely Indeed.

MUSICIANS from the University of Wisconsin made sweet sounds at the Myers grand last evening. Tinkling banjos, tremulous mandolins and resonant guitars with two violas to smooth over the rough places, and deep-toned cello to balance the whole, made music such as is only heard when college boys are on the platform. Sixteen trained voices composed a glee club that was susceptible of very little improvement and the really artistic performance was greatly enjoyed.

The banjo and mandolin clubs are the stronger organizations. Under the direction of F. A. Vaughn the members of the banjo club have become wonderfully proficient and the music extracted from the simply constructed instruments is charming. All through their numbers the effect of the careful training and study are plainly apparent. The time is perfect, the manipulation skilled and the harmony entrancing. Mr. Vaughn, the leader, is a musician in more than one sense, for not only is his work with the banjos remarkable, but he is a composer as well, as was demonstrated when "The College Two Step," which is his own composition, was played. This piece has also been arranged for the piano and is as tuneful when played on that instrument as it is on the banjos.

Smooth and artistic as is the music of the Banjo club, the Mandolin club can be said to excel in some respects. There is less of the twang about the odd looking mandolins and the violas and the cello soften their wavering notes into an artistic whole. Their music is a revelation. It is of an entirely different character from that of the Banjo club and a better organization was never heard in Janesville. Stanley C. Hanks is the director and their execution shows the results of careful drilling and a thorough mastery of the instruments.

The Glee club, while their selections were finished enough, perhaps, to entitle them to a much larger portion of praise than of criticism, is not as strong an organization as they had last year. The improvement, if, in fact, any could be justly suggested, would lie in the addition of two full and entirely capable voices, one high tenor and one deep basso. The only weak point in the organization, if it was a weak point, was the lack of these two strong voices to balance the others. The club, however, did very well indeed, and their numbers were fully appreciated. When it is taken into consideration that the club, with but one exception, are composed of actual students in the university, their proficiency is really wonderful. The one exception is W. A. Opper, of the Mandolin club, and he is a graduate of the institution. The music selected is largely the compositions of or arrangements by the members of the clubs.

#### Some Faces Are Missing.

Several familiar faces are missing in the ranks of the organizations this year. John Bunn, whose tenor solo, "Massa's In The Cold, Cold Ground," was one of the particularly fine numbers on the last year's program is absent. George Simpson, whose base solo "Hear Dem Hells" always shared the honors with Mr. Bunn's number on the former program is also missing, while Knox Kinney's fine baritone voice is now heard nightly in the office of the Madison Democrat where he is working as telegraph editor. These three were the "star" soloists of the old organization but their places were taken by capable men. J. H. Bacon, who sang the solo "When Violets Are There" and "Bee Bolt" has a very sweet tenor voice and understands thoroughly how to use it. A. K. Sedgewick, G. H. Greenbank and G. L. Kelly are all capable soloists and did their work well. Mr. Greenbank's solo, was called "Conceited Things" and was written by C. T. McClure while the music was arranged by Thompson. It is sung as a solo with the glee, mandolin and banjo clubs and is the last number on the programme. Mr. Kelly's "Schneider Band" was much enjoyed and very well rendered. The following was the programme:

"Wisconsin March".....Arranged by Foster, '95, and Vaughn, '95  
Mandolin and Banjo clubs.  
(a) "University of Wisconsin Hymn".....Mary M. Adams  
(b) "Wake the Glee".....Steele  
Glee Club.  
Selections from Spencer's comic opera "Princess Bonnie".....Arranged by Nitschke  
Mandolin Club.  
"The Jabberwock".....W. G. Sired  
Glee Club.  
"College Two-Step".....F. A. Vaughn, '95  
Banjo Club.  
"The Farmers".....W. G. Sired  
Glee Club.  
"When Violets Are There".....C. F. McClure, law, '95  
Mr. Bacon, Glee and Mandolin Clubs.  
PART SECOND.  
Solo, "Town Clerk's Song".....De Koven  
Mr. Sedgewick.  
"Pantla".....Arranged by Nitschke  
Mandolin Club.  
Medley.....Arranged by A. K. Sedgewick, law, '95  
Glee Club.  
Selections from "Passing Show".....Arranged by F. A. Vaughn, '95  
Banjo Club.  
"Ben Bolt".....Arranged by "Trilby"  
Mr. Bacon and Glee Club.

## "Conceited Things".....Music by Thompson, son, words by C. F. McClure, law, '95 Mr. Greenbank, Glee, Banjo, and Mandolin Clubs.

### FACTS ABOUT THE SCHENCK CASE

Was Reported to the Health Officer The Same As All Cases Are.

"I wish to correct some impression in regard to the case of Kittle Schenck," said Dr. J. F. Pembur this afternoon. "I was called there first early Tuesday forenoon. I looked at the girls throat and said to her mother 'This looks to me like a case of diphtheria, and it will be necessary to send the health officer up here.' I notified him and he was there within three hours of my first visit. He, as stated last night, did not regard it as such, and so left word at my office. I called there the next day, Wednesday, and that evening again reported her condition to the health officer. I made another call quite early Thursday morning and asked if the health officer had been there. They informed me that he had not and as soon as my engagements would permit, I went to see the health officer and while I was at his house, word came that the girl was dead. I reported this case as I do nearly all cases; let the health officer judge for himself. These are the facts about this case."

### THE FIREMEN MADE QUICK TIME

Claire Capelle Was Astonished After He Pulled the Box Last Night.

"Janesville firemen beat the world," said Letter Carrier Claire Capelle who pulled the box for last night's fire. "I was astonished to see how quick they responded. A moment after I pulled the box, Gallagher came flying by me, and then the patrol, with the west side boys right onto them. It was quick time, and I wish I had thought to pull my watch just to see how quick time they did make."

## HORSES CREMATED IN THEIR STALLS

### CHARLES GRAVES' THREE ANIMALS DIE BY FIRE.

Barn at 127 Pearl Street, Owned By A. Bennett and Occupied By Mr. Graves Was Totally Destroyed Last Night—Blaze Discovered Too Late To Rescue the Equines.

Three horses were cremated last night when the barn at 127 Pearl street was burned, the animals belonging to Charles Graves, who occupied the premises.

It was 8:21 o'clock last evening when the bell commenced to click off the alarm from box 12, located at the corner of Washington street and Mineral Point avenue, and a moment later the first ward was brilliantly illuminated. The department lost no time in reaching the scene, but when the firemen arrived the barn was enveloped in flames.

The poor horses were suffocated before the apparatus arrived, and all efforts were at once made to extinguish the flames, which were threatening adjoining property. Two powerful streams soon checked the spread of the fire, and a moment later the three taps on the fire bell told those who were hurrying up in the first ward to see the blaze that the "fire was out."

The loss of the barn will be between two and three hundred dollars. The structure was owned by A. Bennett and was insured for \$150.

Mr. Graves' Loss.

Charles Graves, the occupant, was preparing to move. He had three horses in the barn, besides harness and a small quantity of hay and feed. His loss will amount to over \$300. The origin of the fire is unknown. Mail Carrier Claire Capelle first discovered the fire: "I was driving along Pearl street," he said this morning, "When we were passing the place I spoke to my mother and told her that was Charles E. Bowles' place. A horse and buggy was standing in front, and I think one or two men with a lighted lantern. When we reached Mineral Point avenue, we heard an unusual noise, like horses kicking against a heavy partition, and mother asked me what it was. I thought, perhaps, it was the horse we had just passed, thinking it had got on the sidewalk. However, I turned around and looked back. Then I saw the fire breaking out, an hastened to the alarm box and pulled the hook."

Heard the Horses Stamp.

I. A. Whiffen, who resides in the next house north, 129 Pearl street, heard the unusual noise made by the suffocating horses some time before the discovery of the fire.

"I was in the house reading," said Mr. Whiffen, "and heard the noise in the barn, but thought it was only the horses stamping. After a moment or two I went to the back door and saw that the barn was all on fire. The fire bell was ringing at the time. No one was around the barn that I could see, and when I got to the barn the horses were all dead. The building appeared to be on fire all around."

### BENEATH A BURDEN OF SORROW

Funeral of Mrs. Walter Garde.

The remains of Mrs. Walter Garde of Newark, were followed to their last resting place by a procession of carriages more than a mile in length, on Tuesday, March 19. There were many beautiful floral offerings. The bearers were Simon Smith, Leonard Miller, M. Egan, Louis Leffingwell, James Murphy and Egbert Starr. The deceased was forty years of age and had always lived in Newark. She leaves a husband, a son, two daughters, a sister and brother, by whom she will be sorely missed. Her character as a loving mother, a true, kind friend, a kind neighbor and a warm-hearted, christian was well known by all who were acquainted with her.

B. H. Bowman, Pub. Enquirer, of Bremen, Ind., writes: Last week our little girl baby the only one we have was taken sick with the croup. After two doctors failed to give relief and life was hanging on a mere thread we tried One Minute Cough Cure and its life was saved. C. D. Stevens.

### Swept By a Cyclone.

Of approbation to the pinnacle of popularity, Hostetter's Stomach Bitters has acquired a commanding position, which has been made it a bright and shining mark for knaves, who seek to foist upon the community spurious compounds in the guise of that of the real article. These are mostly local bitters or tonics of great impurity, and of course, devoid of medicinal efficacy. Beware of them and get the genuine Bitters, a real remedy for malaria, rheumatism, kidney trouble, dyspepsia, nervousness, constipation and biliousness. Physicians of eminence everywhere commend the great invigorant, both for its remedial properties and its purity. A wineglass three a day will soon bring vigor and regularity to a disordered and enfeebled system.

## MR. FARNSWORTH'S AWFUL DEATH

Body Was Found in the Cellar with Arms and Legs Eaten Away.

Cyrus Farnsworth's death by fire at his home in Allen Grove was a most horrible one. As has been told in The Gazette, he burned to death in his house, and details were hard to get, but is now said that the old gentleman was nearly eighty-eight years old. Mrs. Farnsworth heard the old man's call, and found the room full of smoke and in flames. She called to her husband, who was sick with the grip, and they aroused the hired girl, Miss Sarah Simonds, who occupied a bed room directly over the old gentleman's, on the second floor, and she had barely time to make her escape in her night clothes. Every effort was made by the son and wife and the servant girl to gain an entrance into the old man's room, but with no success. Miss Simonds was so overcome by the excitement and her efforts to help save the old man's life that she was sent to Charley Adams, who at once went to arouse other neighbors, and with their assistance managed, with hard fighting, to save the other buildings.

The remains of the old man were found in the cellar with the arms and legs entirely eaten away by the flames and the trunk of his body also badly burned.

## "PICTURE SOCIAL"

### A GREAT SUCCESS

### MR. AND MRS. W. S. JEFFRIS GIVE A PLEASANT PARTY.

Guests All Had to Guess on the Photographs of the Company Taken Years Ago—Tea Given the College Students—Cast of Characters For the Clisophic Entertainment.

They asked a good deal of the four score of guests that assembled at the home of Mr. and Mrs. W. S. Jeffris, 202 South Franklin street last evening. The event was a "Picture Social" and it was productive of much amusement. Mr. and Mrs. Jeffris have long been famed for the originality of their social affairs and last evening's idea was no exception to the rule. Each guest was required to bring a picture of themselves taken at as early a date as possible. Sixty-nine portraits of different kinds, ranging from the photographs of smiling babes, to the "misrepresenting or libelous newspaper cut" were shuffled up and each guest was requested to guess the name of the persons represented. The score of each guest was kept and when they balanced the books, it was found that Miss E. L. Williams had been the most successful, and to her was awarded the prize, a handsome picture by Rembrandt. Supper was served at 6:30 o'clock, the tables being handsomely decorated with roses and smilax. The affair was a very enjoyable one, the guests being as follows:

Mr. and Mrs.—  
J. C. Kline, J. W. Sale,  
J. Mout, H. C. Keller,  
J. C. Eddin, E. J. Kent,

# STRANGER THAN FICTION.

An Event of Striking Importance Which Happened Under the Shadow of Mt. Washington. The More You Investigate It, the Stranger the Facts Become.

MR. SAMUEL VARNEY AND WIFE.

The writer was in search of news. The White Mountain region is not prolific of news at this season of the year, but the little town of Bethlehem, N. H., afforded an emphatic proof of the old saying that "fact is stranger than fiction."

Here, under the shadow of Mt. Washington, dwell Mr. and Mrs. Sam'l Varney, two of the best known and most highly respected residents of Bethlehem. Their interesting story, together with the really remarkable facts, the truth of which they vouch for in every particular, and which is endorsed by the well-known wife of Bethlehem's popular minister, Rev. L. A. Webster, is well worthy the attention and consideration of the reading world.

"Three years ago," says Mrs. Varney, "I had a shock which afflicted me badly in my head and one side of my face, especially my right eye. I was confined to my bed for a while, and suffered great pain in my head, which troubled me for several weeks."

"I had very severe headaches for some time, and employed doctors who used a battery on me, giving me only temporary relief. This continued for about two months. About five months later I heard of a wonderful cure by Dr. Greene's Nervura blood and nerve remedy, from a friend of mine, and I resolved to try it."

"I commenced the use of the Nervura, and the effects were immediate and very pleasing. I have now used five bottles and am able to do hard work most every day—yes, and walk a long distance; and always get to prayer meeting about the first one, and before many who live much nearer."

"I attribute my cure to Dr. Greene's Nervura blood and nerve remedy. I cheerfully and gladly recommend it to all, and would be glad to answer inquiries. I cannot speak too highly of this medicine."

"My husband has been cured of a severe

case of kidney complaint by this splendid medicine. His kidneys troubled him terribly for a long time, but after taking Dr. Greene's Nervura blood and nerve remedy a short time he was entirely well. He says it is all that has kept him from gripe this winter, which he has had for several years before."

Mrs. L. A. Webster, wife of Rev. L. A. Webster, of Bethlehem, says: "I am acquainted with Mrs. Varney and know her story is true."

It is such cures as these which have stamped Dr. Greene's Nervura blood and nerve remedy as the most successful, most wonderful medicine of modern times; the remedy, indeed, which is effecting more cures all over the country than any and all others combined. It is the great conqueror of disease, and nothing can resist its marvelous curative powers. The newspapers are constantly filled with the testimony of prominent people whom it has cured. But for every such person cured, thousands upon thousands of less prominent people in all walks of life are being restored to health and strength by its potent strength.

Particularly is it doing a grand work now, for everybody needs and uses it in the spring, as it has demonstrated itself again and again to be the most certain and effective spring medicine.

It is not a patent medicine, but the prescription of the most successful living specialists in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th street, New York city. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by anyone at any time, free of charge, so easily or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

## PARISIAN NOTES.

White Still Favored For Evening Wear. Hats and Accessories.

Some of the new spring and summer hats are made of straw woven with gold or silk braid. Red and mauve continue to be a fashionable millinery combination, while forget-me-not blue and violet are still seen in odious companionship.

Fashion now permits the watch to be worn in any and every way. It may be pinned upon the bosom by a bowknot, like a decoration, may be hung at the chateleine or may be worn with a fob chain.

Although light gloves are now in vogue for the street, they are not worn in Paris with simple dark woolen gowns, a deeper shade being preferred to accompany these plain suits. The more rich and elegant the toilet the more pale and delicate the gloves. Both suede and glace kid are worn, white, pearl gray and biscuit being favored in the latter material.

Shoes and stockings for evening wear usually match the gown if it is pale in tint, but with decided, strong shades black is nearly always adopted.

The fashionable coiffure is simple, but generally includes some sort of ornament. For young girls this is merely a bunch of flowers or an aigret of ribbon.

White is still greatly favored for evening wear and will probably be as fashion-

SPRING COSTUMES.

able for summer gowns this year as it was last. It is to be hoped that this will be the case, as nothing is so cool and pleasant in warm weather as white, and nothing endures laundering so well. For white evening gowns liberty satin, surah and mousseline de soie are liked at present.

The figure of the little girl in the illustration shows a model for a gown in hironde surah and white faille. The round skirt has a deep hem marked by a line of feather stitching. The full bodice is open in front over a shirred plastron and has a large collar extending to the waist in revers on each side. The belt is of ribbon, and the gigot sleeves have small turnback cuffs. The woman's figure wears a gown of salmon bengaline trimmed with Irish guipure and lizard velvet. The round skirt has two quilles of guipure in front. The front of the bodice is accordion plaited, the back gathered at the waist. A pointed yoke of guipure covers the shoulders and extends down the front of the corsage and is trimmed with velvet choux. The belt is also of velvet. The puff of the sleeve is accordion plaited, and a band of guipure extends down the outside of it from the shoulder. JUDIC CHOLLET.

## THE LATEST FASHIONS IN JEWELRY

Earrings and Bandeaux Are Being Worn Jeweled Side Combs.

Earrings have been recalled from their state of innocuous desuetude, and once more the jeweler has the fashionable dame by the ear. Buyers are taken into the trying-room to get the effect of artificial light. There are maidenservants and toilet requisites for a coiffure, for only a vulgarian ever wears jewels in daylight with a bonnet. Trays of hoops, pendants, screw solitaires and ear bobs are brought forth for inspection, and if nothing in the collection pleases the lady her measure is taken, stones are selected, finished designs are submitted and the ornaments made to order. For more than 2,000 years the ear ring has fluctuated with the tide of fashion. At one time the ear hoops were 2 inches in diameter, and only 40 years ago our mothers wore pendent ornaments as long as their tating shuttles. Although these ornaments are once more sanctioned by fashion, it remains to be seen whether or not they will be much worn. If bandeaux take—and they have taken in Paris—the earring will be indispensable to the

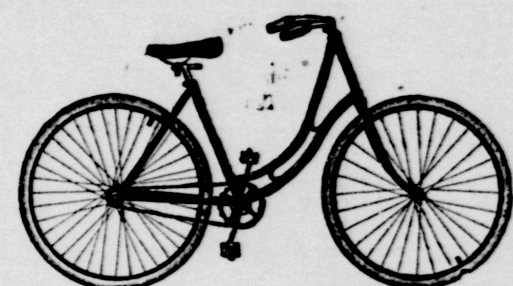

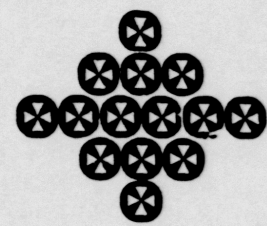

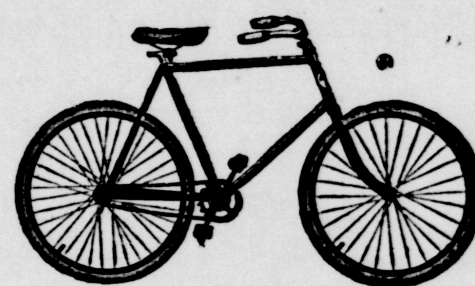

STREET GOWN.

broad faced women who adopt that coiffure. Parting the hair and then drawing it down to or over the ears has the effect, as every woman knows, of widening the face, which is not advantageous to a plain countenance. By ornamenting the ears the effect may be softened or the attention distracted.

With the present fashions of coiffure hair ornaments are much worn, and there are shown many finely carved pins and combs in amber and mottled shell. In more expensive goods the top is of open-work gold, elaborately twisted and often jeweled. There are also side combs, the edges of which are set with small stones.

The costume illustrated is of chestnut cloth. The skirt has godets at the back and opens in front over a panel of rose satin covered with an application of the cloth. The cloth bodice is gathered at the waist in front and behind and opens both before and at the back over a point of satin like the skirt panel. The plaits at the waist are held in place by silver buttons. The gigot sleeves are plain, and the draped collar is of rose satin. JUDIC CHOLLET.

## FOR SALE

### A Model Milling Plant.

The recent death of the owner makes the sale of his plant necessary. It consists of a flouring mill, packing-house and two elevators. The mill is 6x20 feet, four stories and basement constructed of stone, brick and frame, the frame part being iron-clad. Capacity 300 barrels per day. The storage-packing house is 30x120 feet two stories. The elevators each have a capacity of 20,000 and 50,000 bushels. A branch railway track runs between the mill and packing-house. This plant was ALL-remodeled and made new in 1894. The business of this plant has paid the owner, up to his death, from \$8,000 to \$20,000 per year. This plant cost over \$80,000 and is the finest one in the northwest. It is run by water power and situated in Janesville, Wis., except the large elevator which is at Lake Preston, S. D. There is no encumbrance and it will be sold on easy terms or can be exchanged for first-class real estate.

## THIS DAY IN HISTORY

1816—John G. Brown, Transylvania, engineer, famous on isthmus of Panama, born in Philadelphia; died 1883.  
 1836—The treaty of Paris ended the Crimean war. The principal clauses were the evacuation of conquered territory, the neutralization of the Black sea and the admission of Turkey to the system of Europe.  
 1865—The United States steam transport General Lyon was burned on route from Wilmington, N. C., to Fortress Monroe and over 500 lives lost.  
 1866—Gordon Cumming, famous "lion hunter," died; born 1833.  
 1870—Fifteenth amendment proclaimed.  
 1894—Jane Austin, American novelist, died in Boston; born 1811.

## DEMOCRATIC BLESSINGS.

The Recorder is destitute of campaign material having absolutely nothing to say about the party it represents and its energies are devoted to garbled statements from The Gazette. This sort of support may be gratifying to democracy, and it is certainly harmless.

If there is a shadow of excuse or a fragment of argument in favor of democratic supremacy this year, The Recorder should suggest it. The party needs encouragement and is most certainly entitled to some word of consolation from the party organ.

The Gazette will suggest a line of thought that The Recorder can develop, to show why democracy has been a great blessing to the country. First, the party has given us fifty cent wheat, bringing that luxury within the reach of all the people. To be sure it has been found necessary at times to serve it diluted from a soup dish, but the price has always made it palatable.

Second, democracy has taken a long stride on ten cent wool. It is so cheap that American sheep are ashamed to carry it around, but then it has been a blessing to the world at large and democracy was always philanthropic.

Professor Wilson, the great exponent of free wool recognized the popular idea and the party bowed with profound reverence, while the wooly professor was dined and wine abroad.

The poor of America rejoice in ten cent wool. Of course they don't have much to do with it, either in manufacturing or wearing, but they know it is there, an undisputed blessing to the world, and a monument to democratic philanthropy.

Then the party has given us five cent cotton. American mills don't need very much of it, for American labor is learning to live without work, but our friends across the water appreciate it and they claim to be deriving a great deal of satisfaction out of it. Our \$11,000,000,000 market is a great field for foreign operations. Democracy let down the bars, the sheep got out, but the Englishman got in, the exchange ought to be satisfactory.

Democracy has also made it possible for us to get along without producing much iron, coal or lumber, but then we can buy these commodities so cheap, that it makes but little difference. Americans have worked so hard for the last generation that they need rest. This the democratic party realizes. The tin pail was burdensome to the brigade, so now they travel without it and dine at home or in a convenient soup house at public expense.

Democracy has also discovered the great secret of filching from the wily foreigner his hoarded gold, and by a wise manipulation of bonds has flooded the country with yellow metal from abroad. To be sure it required a little encouragement of \$10,000,000 or so, but that amounts to nothing. The country is rich, and a few millions one way or the other amounts to nothing. We have a disguised blessing in the way of an income tax, that covers a multitude of sins.

There are so many things that democracy has done for the country that the Recorder should certainly not lack for material. The party's efforts have

been so frantic that a long rest is needed.

The republican party, always thoughtful and considerate, will see that democracy has a rest.

## Spring Opening Sale.

Three thousand dollars' worth of fresh, new millinery just received at Mrs. Woodstock's. Wednesday, April 3, we will be prepared to show a most beautiful collection of between 150 and 200 pattern hats and bonnets. This display will include a large assortment of Dutch bonnets which are very popular; also the Bonaparte bonnets. Besides endless varieties and many original designs from our own workshop. Mrs. Woodstock is better prepared than ever to present you with the correct things, and the prices are always satisfactory and consistent. Remember the day is Wednesday, April 3.

## Tires.

The Columbia single-tube tire is used as the regular equipment of all Columbia and Hartford bicycles. In speed, durability, ease of repair and satisfactory service the Columbia single-tube surpasses all other tires, causing its users less annoyance and expense than any other. The special fabric which we now use adds greatly to the speed and resistance of the tires.

## Fire at Evansville, Ind.

Evansville, Ind., March 30.—Fire in the lumber district in the west end of the city yesterday burned the old Hoffferberth sawmill and spread to Helfrich's yard, in which was stored nearly 3,000,000 feet of seasoned lumber. The Helfrich Manufacturing company's new mill, completed only six weeks ago at a cost of \$60,000, was saved. Mr. Helfrich estimated the loss on lumber destroyed at \$45,000; insured.

Ohio Inheritance Tax Declared Void.  
 Cincinnati, Ohio, March 29.—The direct inheritance tax levied by the last legislature was yesterday declared unconstitutional by the Circuit court, which held it was in the nature of an excess tax upon the right or privilege of succession to property; also, that it was not uniform in its operation. The state will lose much revenue under this decision.

Kansas City Election Indictments.  
 Kansas City, Mo., March 30.—The special grand jury, which has been investigating election fraud cases, returned ten indictments against alleged election thieves yesterday afternoon. Two of the indictments are against Charles S. Owsley, formerly recorder of voters.

## FIRST WARD WOMAN WRECKS HER HOME

SMASHED THE FURNITURE IN A  
FIT OF HYSTERIA.

Officer Finally Succeeded In Quieting  
Her and She Is Now Being Watched  
To Prevent Further Misconduct—Fam-  
ily Relations Were Not Pleasant—  
Other City News.

A first ward woman made a wreck of her home last evening, smashing the furniture without reserve. It appears that she has not lived happily with her husband, and some time ago left her home and went to work in another part of the city. Last night about 11 o'clock she visited her home, and in a fit of hysterics commenced wrecking the house furniture. First she broke the looking glass, tore down the window curtains and broke the chairs. Before she reached the pantry where the crockery was stored an officer arrived on the scene and took her in charge. The woman was completely crazed and hardly realized what she was doing. After a little the officer succeeded in quieting her, and later in the night she returned to the family where she was employed. Today she again visited the home, and officers were compelled to keep watch of her, fearing she might again attempt to destroy things.

H. T. LITZKOW, who has been in the south for the past seven weeks, returned home last evening. Mr. Litzkow was in Hot Springs, Arkansas, during the small pox scare, and says the people flocked away from the hotels like a lot of sheep. The disease was brought there by a jockey from the east.

The boys' meeting under the auspices of the Junior Y. M. C. A. will be held tomorrow afternoon in the Congregational Church Chapel at 3 o'clock. Leader, S. M. Smith. Topic: "The Danger of Sowing 'Wild Oats.'" All boys are invited to be present and bring their friends.

The boys' combination suit we sell for \$4 is strictly all wool, every thread and fiber, has two pair of pants, a cap to match and a coat. No shoddy cotton stuff as is advertised for \$3.00. If after taking home you are not satisfied return and get your money. T. J. Ziegler.

## G. D. CHILD HAS HAD WIDE EXPERIENCE

SKETCH OF THE REPUBLICAN  
CANDIDATE FOR MAYOR.

Served Over Five Years During the  
War—Sent to Germany By the  
Janesville Machine Company On An  
Important Mission—His Railroad  
Experience In the South.

C. D. Child, the republican candidate for mayor, has had a range of observation that his political opponents are willing to concede. Mr. Child was born December 29, 1843, at Morristown, New York. In 1853 he came west locating at Child's Station, now Lima Center, this county, his father building the first frame house at that place. April 19, 1861, Mr. Child enlisted in Company A, Fourth Wisconsin Infantry, and after serving two and a half years, this regiment was reorganized into a cavalry regiment, and he continued two and a half years more in this branch of the service. He had a varied experience in the army. His first service was in the east. He then went to New Orleans with General Butler's first expedition, sailing from New Port News on the "Constitution," on which there were 3,000 soldiers. He accompanied the army on his regiment in all the expeditions of General Butler's campaign in the south, including that up Red River, and into Texas, against Vicksburg, and Jackson, and was engaged in a number of pitched battle, and was placed where powder was burned.

Served Over Five Years.

In May, 1862, he came home with the remains of Colonel Bean, who died in New Orleans, and after the body was buried in Waukesha, he visited his home in Lima. While enjoying a brief furlough he was married to Miss Sarah A. King, of Whitewater.

After serving five years and two months in the army, he came home and for two years was foreman in the Estery shops in Whitewater. He then went to Arkansas and was engaged in railroad construction in that state for some time, he assisting in building the Little Rock road, and was conductor of the first train that passed over the road.

Returning to Wisconsin he engaged with the Janesville Machine Company, having been in the employ of that company upwards of twenty-three years, ten years being spent "on the road," for that company. While traveling he took in all the northwestern, western, and southwestern country, and few men are better acquainted with the country than he. In 1876 the company sent Mr. Child to Germany to represent their manufacturers. He was in Europe one year, and visited many leading cities, including Berlin, Hamburg, Dresden, Breslau, Konigsberg, Prague, Sestlin, Lubbeck, Eutine and many other places of more or less importance.

Made Assistant Superintendent.

Returning home he was given the assistant superintendency of the company's plant, which position he has filled with entire satisfaction to the company, and at the same time gaining and retaining the confidence and respect of the hundreds of men employed therein.

Mr. Child was not idle while traveling in this country and in Europe. He was a keen observer and close student, taking advantage of the opportunity to gain information that might be of use to him in after life. Mr. Child has served four years as alderman for the Second ward, and has performed faithful work for the people. He has been quartermaster of W. H. Sargent Post, G. A. R., for four years, having the care and management of the property of that organization. Mr. Child has been placed in many trying positions, and was never known to shirk responsibility or fail to do his whole duty.

Clothing Getting Cheaper.

The above is a fact none can deny. Buyers have much better satisfaction than ever before, and give much better. For instance we sell a boy's complete outfit for \$5, consisting of an all-wool suit, two pair of pants, a cap to match, and a pair of \$1.50 shoes. We are also selling men's imported clay worsted and cheviot suits for \$7.50 that sold last year for \$15. Boys' shoes at 85 cents and \$1, and men's shoes at \$1 and \$1.50, and all late style Derby and Fedora hats at 98 cents. We do this, and do it with ease. S. D. GRUBB.

## M. VANGALDER DIED ON HIS BUGGY SEAT

THE LA PRAIRIE FARMER WAS  
SUDDENLY CALLED.

Fell Back Into the Arms of His Companion and Expired Without Moving a Muscle—Fourth One of a Family Of Brothers To Die In That Manner.

M. O. VanGelder of the town of La Prairie fell dead in his buggy this morning of heart disease, he being the fourth of the family to die of that complaint.

The announcement of Mrs. VanGelder's death will be a great shock to a large number of friends and acquaintances. He had been in his usual health up to the very time of his death. This morning he was as well as usual and was riding in a buggy in company with his son, Harry VanGelder and Ralph Howard. They had a gun with them, presumably thinking they might get a shot at wild geese. Mr. VanGelder was holding the gun between his knees and when they had gone but a few rods from the house, the weapon fell from his lifeless hands and he sank back into Mr. Howard's arms, dead.

He leaves a wife, four children and two brothers to mourn his loss. He was fifty-eight years old the tenth of this month and was widely known. The funeral will be held from the home on Monday afternoon at 2 o'clock.

Three of Mr. VanGelder's brothers have preceded him to the next world, and all of them died of heart disease or heart failure, which was the cause of his death. They were Samuel VanGelder, who died last fall, and Truman and Henry VanGelder.

He was well known in Janesville, he being a brother-in-law of Orrin D. and W. J. Bates of this city.

16,000,000 Disease Germs.

What Mons. Pasteur says: The germs of malignant diseases are capable of multiplying themselves with marvelous rapidity. A single disease germ when placed in surroundings favorable to its growth, quickly divide into two. Each of these divides itself again, and so on, the number soon reaching into thousands. It has been estimated that by the end of twenty-four hours a single germ will have multiplied itself into more than 16,000,000 germs. Pasteur, the eminent French scientist, said the time would come when some powerful, harmless liquid would be discovered that would effectually destroy those germs in the human body. That time has come, and Orange Williams, the discoverer, is now presenting it to the world under the name of "Septicide." We might say that Septicide is good for every disease, for nearly every disease is aggravated by bacterial life, and Septicide being a perfect antiseptic and germicide it readily destroys that germ life while at the same time it is as harmless as water to the human system. Wonderful cures of hopeless cases are being reported constantly. The more people know of Septicide the more it becomes a household remedy for almost every ailment, as many Janesville citizens can testify. Sold by PRENTICE & EVENSON.

## A Bargain in Household AMMONIA

BABY CONTEST OPEN  
BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN  
THE CONTEST.

Five Shares of Stock In the Rock  
County Building Loan and Savings  
Association Will be Given the Win-  
ner June 1—Value at Maturity Is  
\$500 and It Is Non Assessable.

The polls for The Gazette contest  
for the babies is now open and the  
ballot will be found at the close of  
this article and will run until June  
1, when the contest will close.  
Much interest is centered  
in The Gazette's offer to present the  
baby who gets the highest number of  
votes with \$500 worth of stock in the  
Rock County Building Loan and Sav-  
ings Association. It is a prize worth  
getting, for naturally it will be worth  
just half a thousand dollars. That  
will be a nice nest egg if kept at inter-  
est after maturity until the child be-  
comes old enough to want to use it.

It will buy an education.  
It will buy a building lot.  
It will buy a piano and the lessons  
necessary to play upon it.

It is more than many people are  
able to save in a life time.

Of course all the mothers and fathers  
want it for their babe. How to  
get it is told below:

The polls opened this morning  
and will remain open until June 1.  
The baby that receives the most bal-  
lots in that time will receive a certifi-  
cate calling for these five shares of  
stock. There are no dues to be paid,  
no assessments to be met, no install-  
ments to provide for. The stock  
stands for \$500 in cash and on itematur-  
ity, which will be in  
nine and one-third years,  
the money will be ready. The prize  
is a handsome one—it is well worth  
winning and the conditions of the  
ballot are as follows:

From March 1 until June 1, a cou-  
pon will be printed in each issue of  
The Gazette.

Any one, anywhere in any state is  
entitled to vote as often as they buy a  
copy of The Janesville Gazette con-  
taining the above ballot.

Cut the ballot out (trimming on the  
dotted lines.) Write in the name of  
your candidate and enclose same in an  
envelope addressed to Ballot Editor,  
Gazette, Janesville, Wis.

Only one person can be voted for on  
one ballot.

The baby who receives the largest  
number of votes will receive five shares  
of stock in the Rock County Building  
& Savings Association, cash value,  
\$500 at maturity.

The contest will close June 1 at 9  
p. m., and the stock will be delivered  
as soon as the count of votes is com-  
pleted.

Any non-subscriber who will sub-  
scribe for The Gazette and pay in ad-  
vance will be entitled to the following  
number of ballots:

New subscriber paid in advance one  
month, 100 votes.

New subscriber paid in advance two  
months, 250 votes.

New subscriber paid in advance six  
months, 900 votes.

New subscriber paid in advance one  
year, 2,000 votes.

Each new subscriber who pays in  
advance and casts the number of votes  
specified is also entitled, of course, to  
cut coupons from the paper from day  
to day and vote in the regular man-  
ner.

No person will be allowed extra  
votes for stopping his paper and hav-  
ing it sent to another name at the  
same address.

In every instance they must be bona  
fide new subscribers.

No person will be allowed to stop  
his paper on Monday and start it again  
Tuesday and claim the premium of-  
fered.

No votes can be transferred from  
one candidate to another after being  
registered in this office.

Candidates must not be more than  
three years of age March 1, 1895, and  
must live in Janesville.

THE BALLOT.

The Publishers of "The  
Janesville Gazette" will give  
5 Shares of stock in the Rock  
County Building, Loan & Sav-  
ings Association to the Baby  
who receives the largest num-  
ber of ballots.

Advice to My Boy.

What's that you say, my boy?  
The teacher says you are as sharp  
as a needle?

Well, probably she meant to com-  
pliment you, my boy—I have no doubt  
she did—but remember that needles  
always go into things with their eyes  
closed. You don't want to be like  
that.

Now there's the pin. The pin has a  
head, you will notice, which prevents  
it going in too far.

Be like the pin, my boy.

BROWN BROS. & LINCOLN

**Why He Calls Himself Maarten Maartens.**  
Few will wonder why the famous Dutch novelist chose a nom de plume for his English works when it is remembered that Maarten Maartens' real name is J. von Poerssen-Schwartz. He was

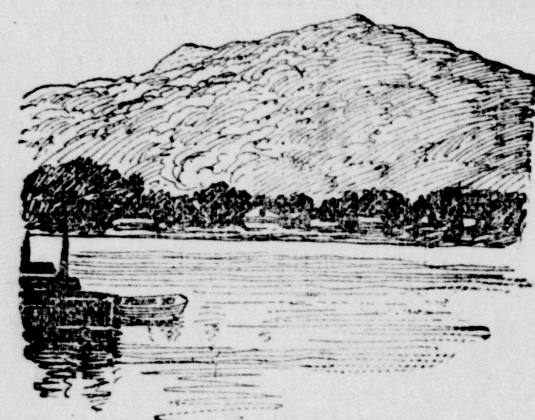

MAARTEN MAARTENS.

born in Holland about 38 years ago and was educated in England and at Bonn, Germany. His novels, "The Sin of Joost Avelingh," "An Old Maid's Love," "The Greater Glory," "A Question of Taste," "God's Fool" and "My Lady Nobody," have made him famous. The novelist spends most of his time at the health resorts of Europe with his invalid wife and their little daughter, but he has a beautiful home in Holland.

#### Where Stevenson Rests.

All that was mortal of Robert Louis Stevenson lies in a grave on the highest peak of the Vaea mountain, Samoa. It was the novelist's wish that when death came his body should be consigned to

VAEA MOUNTAIN.

Mother Earth on Vaea's lofty summit. The spot had a strange fascination for him, and he had a window cut through the wall of his study that he might see the site of his grave as he worked at his desk.

#### Paints With His Teeth.

Bartram Hiles does not paint with his teeth because he is eccentric or because he desires notoriety. He paints with his teeth for the simple but potent reason that he has no arms. When he

BARTRAM HILES AT WORK.

was 8 years of age, he was run over by a street car, and the accident caused the amputation of both arms above the elbow. Instead of bewailing his fate, he began to study art with a vim, and in two years had mastered the plan of holding his pencil between his teeth. He is now a popular artist and has won many honors. He is 28 years old.

#### The Civil War in Colombia.

The United States of Colombia is enjoying the not unaccustomed sensation of a civil war. The object of the revolutionists in this case is to overthrow President Caro, who is a very good man

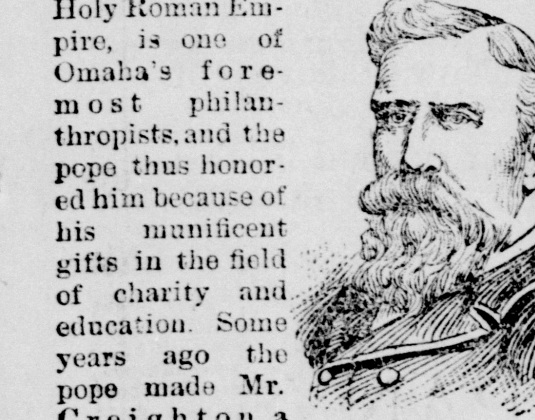

PRESIDENT CARO.

in his way, but not quite good enough to suit all his constituents. The trouble began two years ago, when Caro was inaugurated, and has been continually growing in seriousness. The president has four years more to serve, if he is not deposed in the meantime.

#### One of America's Three Catholic Counts.

John A. Creighton, upon whom Pope Leo XIII recently conferred the title of count of the Holy Roman Empire, is one of Omaha's foremost philanthropists, and the pope thus honored him because of his magnificent gifts in the field of charity and education. Some years ago the pope made Mr. Creighton a Knight of St. Gregory. He is a native of Ohio and is about 62 years old. He made a large fortune as a contractor. There are now but three Catholic counts in America.

#### Undoubtedly.

Every mother can find something good to say of her own son, but sometimes she is hard put to it. The Boston Transcript chronicles a sad instance. "Yes, I know," said old Mrs. Homespun, "John is sort of lazy about some things. So are we all for that matter. But he ain't downright lazy. He'll work hard enough when he gets the work that suits him."

"It is clever of you to say so," said Uncle George; "but what kind of work does suit him?"

"Well," answered Mrs. Homespun, "there's—there's—well, John is awfully industrious at smoking, for example."

#### He Didn't Want His Life.

Kind Gentleman—That boy just hit you, did he?

Small Boy—Yes, he did.

Kind Gentleman—Well, now, why don't you heap coals of fire on his head, like a good boy?

Small Boy—Do good boys do that?

Kind Gentleman—Yes, indeed, all good boys.

Small Boy—Well, I guess I must be wicked then, 'cause I don't want to burn the clump to death, I just want to punch his head.—Life.

#### Tragedy in High Life.

A foreign young noble of high degree came hunting a wife across the sea. In style as befits the peerage:

But he could not find an American girl who cared to purchase a duke or an earl. And he went back home in the steerage. —Chicago Tribune.

#### TRELAWNEY AND HIS TANDEM.

Trelawney Fitznoodle was once a poor clerk. A ribbon department was where he did work. But fortune at length took a kinder turn: His rich uncle died leaving money to him. A tandem he soon learned to drive like a sport. For handling the ribbons had long been his forte.

—Truth

#### Their Fatal Mistake.

Returned Traveler—What has become of Catchem & Cheatem, the rich lawyers? Retired, I presume?

Resident—Yes, retired. They are both in the poorhouse.

"Phew! What happened?"

"They had a quarrel and sued each other."—N. Y. Weekly.

#### A Difference.

Mr. Uptowne—Your flat is heated by steam, I believe?

Mr. Fourthfloor—No, sir; it's not.

Mr. Uptowne—Why, you told me it was!

Mr. Fourthfloor—No; what I said was that we had steam radiators in every room.—Puck.

#### In the City of Divorces.

Mabel—Do you believe that May marriages are less happy than those of any other month?

Mrs. Lakeshore—No; I wasn't any happier than when I was married in October, January, April, August, February or June.—Chicago Inter Ocean.

#### When They Wear Them.

The New Woman—When women, I say, are placed upon a perfect equality with men, there will be no more female vagrants.

The Old Man—That's true. They will all have visible means of support. —Brooklyn Life.

#### PAINT cracks.—It

often costs more to prepare a house for repainting that has been painted in the first place with cheap ready-mixed paints, than it would to have painted it twice with strictly pure white lead, ground in pure linseed oil.

#### Strictly Pure White Lead

forms a permanent base for repainting and never has to be burned or scraped off on account of scaling or cracking. It is always smooth and clean. To be sure of getting strictly pure white lead, purchase any of the following brands:

"Southern," "Red Seal," "Collier," "Shipman."

For Colors.—National Lead Co.'s Pure White Lead Tinting Colors, a one-pound can to a 25-pound keg of Lead and mix your own paints. Saves time and annoyance in matching shades, and insures the best paint that it is possible to put on wood.

#### DR. P. H. SHARP,

The Most Successful Specialist in All  
Nervous, Private and Chronic  
Diseases of Men and  
Women.

Dr. Sharp has for 20 years made a Special Study and Practice of these Maladies which have proved such stumbling blocks to the medical profession. More failures are recorded in these three lines of practice than in all the 1000 remaining diseases to which the human race is subject.

The doctor's success is phenomenal in his chosen field.

He Absolutely Cures 98 per cent of the cases he accepts for treatment.

This high percentage is in part due to his rejection of all incurable ones. So there are no experiments and but few failures.

YOUNG MEN troubled with results of younger indiscretions can be safely and surely cured. I know it.

MIDDLE-AGED MEN can have a new lease of vitality. OLD MEN can take a new hold on life and its joys.

WOMEN can find not only relief but positive cure for their many annoying and dangerous ailments. Leucorrhoea, Painful Menstruation Delayed or Obstructed Menstrual Periods, Headaches, Ovarian Inflammation, Etc.

The Doctor has concluded to locate permanently in Janesville and may be found at 51 S. Franklin Street.

#### ELECTION NOTICE.

OFFICE OF COUNTY CLERK,  
JANESVILLE, WIS., March 25, 1895.

To the Electors of Rock County:

Notice is hereby given that a judicial election is to be held in the several towns, wards and election precincts in the county of Rock, on the second day of April, A. D. 1895, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given opposite the name of the office as designated below:

#### INFORMATION TO VOTERS:

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone, to a booth or compartment, and prepare the same for voting. A ballot clerk may inform a voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter, to designate the candidates he wishes to vote for, must make a cross (X) in the square at the right of the name of each such candidates. \* \* \* \* \* If he wishes to vote for a person for either of the offices designated, whose name is not on the ballot, he must write the name of such person in the blank space under the printed names of the candidates for the office, and make a cross (X) in the square to the right of it. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who may issue another in its stead, but not more than three in all to any one voter. Five minutes time is allowed in booth to mark ballot. Unofficial ballots or memorandum, to assist the voter in making his ballot, can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it is marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so the printed endorsements and signatures of the ballot clerks on the outside may be seen. The voter should pass out of the booth, give his name to the inspector in charge of the ballot box, and pass out of the voting place. A voter, who declares to the presiding officer, that he is unable to read, or by reason of physical disability he is unable to mark his ballot, can have the assistance of one or two election officers in marking same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The names of the candidates for the different offices and the principles represented in the nomination of each candidate are as below set forth.

W. J. MCINTYRE, County Clerk.
